

ON THE MOVE

Moving truckloads of WA-4's.

Moving all models of FWD Wagner tractors to farmers throughout this big country.

Moving big tractors—because big farming needs the big pull of four full-size *working* wheels! More usable horsepower!

Moving across the big fields delivering big diesel power at the drawbar.

On the move in sales because the FWD Wagner Tractor lineup *starts where others leave off.*

Investigate franchise information in your area. Contact Bill Dreier, Gen. Mgr., FWD Wagner.
